N

1. I am concerned about the safety factors involved in the number of our personnel that walk both from their cars and during the noon hour in front of the building on the south side. It seems to me that it would be worth the cost from the point of view of safety to put in a sidewalk running from the front entrance of the building along the west side of the front driveway to the southeast entrance, and possibly to the west parking lot.

2. Would you please examine this and advise me.

(signed) Lyman B. Kirkpatrick
